## Internet Advertising Policy

2023

### Minimum Advertised Price Policy (MAP)

Olhausen Billiard Manufacturing, Inc. and Olhausen Games Inc. (OLHAUSEN) has determined that in order to better and more effectively compete and to properly position Olhausen products in the marketplace, as well as to preserve the reputation of Olhausen for providing dealers with consistently high-quality products, OLHAUSEN must exercise a greater degree of control over the distribution of Olhausen products via the Internet. Therefore, all sales of Olhausen products via the Internet will be subject to this Policy. This Policy has been unilaterally adopted and will be enforced strictly and uniformly.

**OLHAUSEN has adopted this Internet Minimum Advertised Price Policy (MAP) which is applicable to all dealers with respect to advertising, marketing and selling Olhausen products via the internet. MAP, for purposes of this policy, shall mean the Manufacturer's Suggested Retail Price as established by Olhausen multiplied by .90, or 10% off our published MSRP.**

- This policy applies to all new Olhausen product categories including pool tables, accessories, shuffleboards, furniture, game tables, cues, poker and table tennis products, as well as any other Olhausen products that may be offered to dealers in the future.
- All dealers of Olhausen products that are advertising, marketing or selling Olhausen products via the Internet are free to independently decide whether or not to abide by this Policy. Each dealer remains free to establish its own resale prices and it is entirely within the dealer's discretion whether to comply with this policy or not. However, pursuant to this policy, OLHAUSEN reserves the right to discontinue selling Olhausen products to the dealer, surcharge the dealer in the form of increased wholesale pricing and/or disqualify the dealer from market protection in their respective geographic area following Olhausen's verification, to its satisfaction, that such retailer has:
  - A) Advertised, sold or otherwise promoted new Olhausen products over the Internet at a Net Price less than the published MAP.
  - B) Sold new Olhausen products to any other person who has advertised, sold, or otherwise promoted Olhausen products over the Internet at a Net Price less than the MAP that OLHAUSEN has established and published.
- A dealer's first violation of this policy shall result in warning letter from OLHAUSEN requesting immediate corrective action from the dealer.
- A dealer's second violation of this policy shall result in OLHAUSEN either suspending its business relationship with the dealer (through refusing to accept new orders and placing current orders on hold until the corrective action on the dealer's part has been taken) or eliminating the dealer's exclusivity in the respective geographic region and evaluating the opening of a new retailer in the market area. Additionally, the specific model or unit sold at a price less than the MAP will no longer be available to the dealer.

- If a dealer violates this policy for a third time, OLHAUSEN can and will discontinue selling the Olhausen product line to the dealer and refuse to accept new orders from them. All orders that are in house will be put on hold until a review of the account has been performed.
- In implementing and enforcing this policy, OLHAUSEN will act at all times unilaterally and will neither solicit, consider, nor agree to any recommendation, request, or demand of any other person. All matters of interpretation and application of the terms of the policy shall remain within sole, unilateral authority of OLHAUSEN. This policy shall not be construed to require OLHAUSEN to resume its business relationship with any terminated dealer upon expiration of the termination periods described above.
- As referenced in this policy, “Net Price” shall mean the dealer’s stated price before sales tax, freight, and other shipping charges, less all discounts. Price discounts, gifts and other free merchandise, give-aways and promotional offerings as well as included accessories may not be included in determining Net Price. For any gift or similar promotional program, we define the dealer’s effective Internet retail price to be equal to the dealer’s retail selling price of the item less the retail value of the gift or the promotion. This Policy does not apply to Olhausen products that are sold otherwise than via the Internet.
- OLHAUSEN may from time to time offer special promotional sales of OLHAUSEN products as authorized by OLHAUSEN.
- OLHAUSEN, in its sole discretion, may modify the MAP Policy in whole or part at any time, or may designate promotional periods when the terms of this policy shall change or otherwise be inapplicable.
- Dealers shall not issue any quote via phone, fax, electronic mail or text which is less than MAP as defined above.

**OLHAUSEN neither seeks, nor will accept, any assurance of compliance or agreement from any dealer regarding this policy. OLHAUSEN reserves the right to discuss this policy with any dealer or third party, including but not limited to, any other OLHAUSEN dealer’s compliance or noncompliance with this policy. No employee or representative of OLHAUSEN has been or will be authorized to modify or alter this policy or to bind OLHAUSEN to any action inconsistent with its terms.**

## **OLHAUSEN GAMES SHUFFLEBOARD CARE AND MAINTENANCE INSTRUCTIONS**

*Before waxing your playfield for the first time, your playfield should be cleaned with Olhausen Games Cleaner Polish. For best results follow all instructions.*

1. Apply Olhausen Games Cleaner Polish with a towel to remove foreign matter from your playing surface. This is the first step in the polishing process. Before the surface dries, buff lightly using a dry towel. OG Cleaner Polish should be used 2 to 3 times a month depending on usage.
2. Olhausen Games Liquid Wax should also be applied with a towel. Repeat the instructions above, buffing lightly with a dry towel until the surface is as smooth as ice. Once again, depending on usage, 2 to 3 times per month is recommended.

DO NOT attempt to improve on these instructions by allowing wax to dry or by using buffer.

DO NOT use furniture polish or silicone spray that is not specifically made for shuffleboards.

3. For ULTIMATE SPEED apply a light coat of Olhausen Games Silicone Spray to keep powder on the playfield and reduce tracing. After applying Silicone Spray, wait a few minutes before applying Olhausen Games Speed Powder. You are now ready to play shuffleboard.
